# GAIN Report

Global Agricultural Information Network

THIS REPORT CONTAINS ASSESSMENTS OF COMMODITY AND TRADE ISSUES MADE BY  
USDA STAFF AND NOT NECESSARILY STATEMENTS OF OFFICIAL U.S. GOVERNMENT  
POLICY

Required Report - public distribution

**Date:** 1/17/2013

**GAIN Report Number:** KS1303

## **Korea - Republic of**

## **Food and Agricultural Import Regulations and Standards - Certification**

## **FAIRS Export Certificate Report**

**Approved By:**

M. Kathryn Ting, Minister-Counselor

**Prepared By:**

Seung-Ah Chung / Stephen L. Wixom

**Report Highlights:**

Korea's acceptance of organic certificates for processed organic products issued by the U. S. Department of Agriculture's National Organic Program's accredited certifiers has been extended until December 31, 2013. No other significant changes have been made.

**Section I. List of All Export Certificates Required By Government (Matrix) :**

This report provides export certificates for various agricultural products required by the Korean

government for import inspection. U.S. exporters are strongly encouraged to consult with the relevant U.S. authorities prior to export about the eligibility of their products and the specific requirements imposed by the Korean government.

### List of Export Certificates Required by Korea

Product(s)	Title of Certificate	Attestation Required on Certificate	Purpose	Requesting Ministry*
Beef and beef products	FSIS Form 9060-5 and 9305-7 (issued by USDA/FSIS)	Multiple statements on 9305-7. See Appendix.	Health certificate	QIA/MIFAFF
Pork	FSIS Form 9060-5 and 9305-5 (issued by USDA/FSIS)	Multiple statements on 9305-5. See Appendix.	Health certificate	QIA/MIFAFF
Poultry	FSIS Form 9060-5 and 9305-2A (issued by USDA/FSIS)	Multiple statements on 9305-2A. See Appendix.	Health certificate	QIA/MIFAFF
Egg products	PY-200 (issued by USDA/FSIS)	Attestation to detailed pasteurization treatment: 55° C for a minimum of 15 min; or, 60° C for a minimum of 5 minutes; or, 64° C for a minimum of 4.5 minute.	Health certificate	QIA/MIFAFF
Dairy** products	Export Certificate (issued by exporting government) or manufacturer self-declaration	<p>"Products have been pasteurized for 15 seconds at 72C or longer" or</p> <p>"Products have been UHT/HTST/LTST treated"</p> <p>"Products have been treated for at least 15 seconds at 57-68C and then matured (limited to cheese)" or</p> <p>"Products have been</p>	Export certificate or manufacturer statement	QIA/MIFAFF

		fermented using lactic acid bacteria"		
Pork casing	FSIS Form 9060-7 and 9305-5 (issued by USDA/FSIS)	Only pork casings from animals slaughtered and processed in the United States are eligible for export to Korea.***	Health certificate	QIA/MIFAFF
Protein-free tallow	FSIS Form 9060-5 (issued by USDA/FSIS)	"Certified materials have been tested, and found to have a level of insoluble impurities of 0.15% or less."	Health certificate	QIA/MIFAFF
Live animal	Health Certificate (issued by USDA/APHIS)	Attestation required on certificate varies depending on species. See Appendix.	Health certificate	QIA/MIFAFF
Fresh vegetable, grains, fruits, nuts	PPQ Form 577 (issued by USDA/APHIS)	Attestation required on certificate varies depending on products. See Appendix.	Phytosanitary certificate	QIA/MIFAFF
Frozen vegetables and fruits	Form FV-146CS (issued by USDA/AMS) or PPQ Form 578 (issued by USDA/APHIS)	"Products have been frozen at -17.8C or below."	Certificate of Quality & Condition or Export Certificate	QIA/MIFAFF
Processed organic products except livestock products and feed	Organic certificate (issued by USDA/AMS Accredited Certifying Agents located within US)****	No attestation required but certificate must include: (a) Name, address, and phone number of the certifying agent  (b) A list of the types of organic food the operation is certified by the certifying agent to produce or process  (c) The company	Certificate to confirm eligibility of organic producer or manufacturer	KFDA

		name, address, and effective date (or renewal date) of the certification		
Rice	Non GMO Certificate (issued by OMIC USA & laboratory participating in USDA/GIPSA's Proficiency Program)	Attestation confirming the absence of GM rice	Test certificate to prove no presence of GM rice	MIFAFF
Non-GMO bulk shipment	Full IP Documentation (issued by private entities) or Non-GMO Certificate (issued by exporting government)	Attestation to identity preserved (IP) handling of bulk grains	Certificate to prove IP handling of bulk grains from seed to final export	MIFAFF
Non-GMO processed products *****	Full IP Documentation issued by private entities; Non-GMO Certificate issued by exporting government; or Notarized Self Declaration issued by manufacturer – See Appendix for example	Attestation to identity preserved (IP) handling of raw materials from seed purchasing to manufacturing	Certificate or statement to provide IP handling of raw materials used in processed products	KFDA

\*MIFAFF: Ministry for Food, Agriculture, Forestry, and Fisheries

\*QIA: Animal, Plant and Fisheries Quarantine and Inspection Agency

\*KFDA: Korea Food & Drug Administration

\*USDA: U.S. Department of Agriculture

\*AMS: Agricultural Marketing Service

\*FSIS: Food Safety Inspection Service

\*GIPSA: Grain, Inspection, Packers, and Stockyards Administration

\*APHIS: Animal Plant Health Inspection Service

\*PPQ: Plant Protection & Quarantine (APHIS)

\*VS: Veterinary Service (APHIS)

\*\* Of dairy products, QIA has processing standards for milk used in making cheese that are in addition to the above stated requirements for dairy products. Milk used in making cheese should be pasteurized for 30 minutes at 63C – 65C, 15 seconds at 72C – 75C or receive equivalent heat treatment. This heat treatment statement shall be described in the manufacturer statement, for example, as part of the manufacturing process chart.

\*\*\* The U.S. government and Korean government have been working to expand the type of pork casings eligible for export to Korea. Post will provide any updates on this matter as they become

available.

\*\*\*\* KFDA's certification system for processed organic products will remain in place until the end of 2013 and will be replaced by a MIFAFF certification system. Post will provide any updates on this matter as they become available.

\*\*\*\*\* KFDA may change documentation requirements for non-GMO processed products according to the pending revision of the current biotech labeling standards for processed products. Post will provide any updates on this matter as they become available.

## **Section II. Purpose of Specific Export Certificate(s)**

The purpose of individual certificates is included in the table in Section I.

## **Section III. Specific Attestations Required on Export Certificate(s)**

Certain livestock products, grains and fruits require specific, pre-printed attestations in the corresponding certificates. Links to these certificates are included in the Appendix.

Given their complexity, the documentation requirements to ship beef to Korea are reviewed. Korea requires that beef imports come from plants approved under the Export Verification (EV) Program set up by USDA's Agricultural Marketing Service (AMS). Beef must be slaughtered and/or processed at plants identified in the [Official Listing of Bovine Eligible Suppliers](#) (aka, USDA Bovine EV Programs).

Beef that was slaughtered and processed under an approved EV program can be exported after being stored in a warehouse approved by USDA's Food Safety Inspection Service. A list of all of the establishments can be found in the FSIS [Meat, Poultry and Egg Products Inspection Directory](#).

In addition, Korean beef importers and U.S. exporters have reached a commercial understanding that, as a transitional measure, only U.S. beef from cattle less than 30-months of age will be shipped to Korea. AMS set up a voluntary Quality System Assessment (QSA) Program to verify that beef from participating plants will be from cattle less than 30 months of age.

Exporting establishments may choose to participate in the AMS QSA program that verifies that the beef being certified is from cattle less than 30 months of age. However, for establishments that do participate in the AMS QSA program, the following statement may appear in Remarks on the FSIS 9060-5: "The beef or beef products were produced at a verified establishment under the USDA Less than 30 Month Age Verification USDA Quality System Assessment (QSA) Program for Korea." At this time, Korea will not accept at port-of-entry shipments of beef without the QSA program statement in the Remarks section of the FSIS 9060-5 as described in the Documentation section, and Korean quarantine officials will return shipments without the statement to the owner/agent of the product. A list of [QSA approved establishments](#) and their approval dates is maintained by AMS.

## **Section IV. Government Certificate's Legal Entry Requirements**

With a couple of exceptions, the original certificate is required for all products listed above at the time of entry according to Section I. The original certificate for IP grain and organic shipments is only required for the first shipment. Subsequent shipments can be accompanied by copies of the original.

In cases where a government issued certificate is required, any government entity (including city/municipal, state, federal) can issue certificates unless specified otherwise. Health certificates must be issued by federal quarantine authorities.

### **Section V. Other Certification/Accreditation Requirements**

The “issuance date” of both health and phytosanitary certificates shall be prior to the “on-board date” listed on the Bill of Lading. The “inspection date” on a certificate must be prior to the departure date. To prevent unnecessary delay at the port of entry, the certificate “issuance date” should be prior to the departure date of shipments.

### **Appendix I. Electronic Copy or Outline of Each Export Certificate**

#### 1. FSIS certificates

Please refer to the below website for details including certificate samples.

[http://www.fsis.usda.gov/regulations\\_&\\_policies/Republic\\_of\\_Korea\\_Requirements/index.asp](http://www.fsis.usda.gov/regulations_&_policies/Republic_of_Korea_Requirements/index.asp)

#### 2. APHIS Certificate

##### A. Plant Certificate

Please refer to the website below for details about plant certificate requirements.

[http://www.aphis.usda.gov/import\\_export/plants/plant\\_exports/export\\_certificates\\_forms.shtml](http://www.aphis.usda.gov/import_export/plants/plant_exports/export_certificates_forms.shtml)

PPQ Form 577 can be viewed at the website below:

[http://www.aphis.usda.gov/import\\_export/plants/plant\\_exports/downloads/ppq577.pdf](http://www.aphis.usda.gov/import_export/plants/plant_exports/downloads/ppq577.pdf)

##### B. Animal Certificates

Please refer to the website below for details about animal certificate requirements.

[http://www.aphis.usda.gov/import\\_export/animals/animal\\_exports.shtml](http://www.aphis.usda.gov/import_export/animals/animal_exports.shtml)

Korean requirements for live animal exports can be found at:

[http://www.aphis.usda.gov/regulations/vs/iregs/animals/animal\\_korea.shtml](http://www.aphis.usda.gov/regulations/vs/iregs/animals/animal_korea.shtml)

##### C. Dairy Certificate

Please refer to the website below for details about certificate requirements for dairy products.

[http://www.aphis.usda.gov/regulations/vs/iregs/products/downloads/ks\\_dp.pdf](http://www.aphis.usda.gov/regulations/vs/iregs/products/downloads/ks_dp.pdf)

#### D. Other Certificates Issued by APHIS

Please refer to the website below for details about certificate requirements for other products that are covered by APHIS.

[http://www.aphis.usda.gov/regulations/vs/iregs/products/product\\_korea.shtml](http://www.aphis.usda.gov/regulations/vs/iregs/products/product_korea.shtml)

### 3. Sample of Notarized Self Declaration for Non-GMO Processed Food Products

[DATE]	
To: [X] Customer [Address], Korea	[Exporter] [Address], USA
To Whom It May Concern:	
I hereby certify that the following product(s) [product name(s)] is (are) made by [company name] at its manufacturing facility in [city, state] using [name of ingredient] sourced from non-GM varieties with identity preserved (IP) systems. The crop(s) for [name of ingredient] were grown and managed with appropriate agricultural practices to maintain the integrity of the non-GM varieties from seed purchasing to manufacturing. The [name of ingredient(s)] supplier certifies that these ingredients are sourced from IP, non-GM varieties. Our manufacturing operation segregates this [name of ingredient(s)] to maintain its integrity.	
This certificate covers the period between [date] and [date]. [List name of products as per attached invoice(s) [number(s)] and other identifying information considered relevant by the certifier].	
I certify that the information submitted above is true and the above product complies with the Korean Government requirements that the level of accidental mixing of GM varieties in the raw ingredient used in the product is below the 3-percent threshold. Full documentation of identity preservation is available upon request after notification to our company of the GM ingredient(s) that have been detected in our product(s).	
Sincerely,	

[Name]  
[Title]  
[Company name]

State of [Name]  
[City]

Subscribed and sworn to before me this [day] of [month, year]
