Radha Mani

Report Highlights:

The Government of India's (GOI) Food Safety and Standards Authority of India (FSSAI) published nine manuals on testing methodology for various food products to be used by the food safety laboratories with immediate effect.

General Information:

DISCLAIMER: The information contained in this report was retrieved from FSSAI's website <http://www.fssai.gov.in/>. The Office of Agricultural Affairs and/or the U.S. Government make no claim of accuracy or authenticity.

FSSAI published manuals for its requirements on test methods and analysis by laboratories which pertain to a variety of milk and milk products, oils and fats, fruit and vegetable products, cereal and cereal products, food additives, mycotoxins, spices and condiments, metals. Apart from these manuals, FSSAI has also published a manual to provide general guidelines on sampling methodologies.

A list of the draft manuals is given below with their hyperlinks. The draft manuals are also available online at FSSAI's website <http://www.fssai.gov.in/>

1. [Manual on Milk and Milk Products](#)
