## **Vietnam**

### **Rice Price - Weekly**

#### **Situation for the week ending August 24, 2012**

**Approved By:**

Michael Ward

**Prepared By:**

Quan Tran

**Report Highlights:**

Export rice prices were slightly down for all grades early last week but later stabilized toward the end of last week. This was due to poor export market prospects, reacting to high indicative prices.

Local paddy rice prices went up slightly, mainly due to tight current local paddy supplies.
