Report Name: Food and Agricultural Import Regulations and Standards Export Certificate Report

Country: Austria

Post: Vienna

Prepared By: Roswitha Krautgartner

Approved By: Kirsten Luxbacher

Report Highlights:

Austria, as a member of the European Union (EU), applies EU regulations to the imports of agricultural products. U.S. export certification requirements for most products destined for the EU are harmonized. The few products which are not harmonized are subject to national regulations. Importers or exporters may need to consult with Austrian authorities to address import requirements for non-harmonized products on a case-by-case basis.
Last updated December 2020.

TABLE OF CONTENTS

EXECUTIVE SUMMARY
I. EXPORT CERTIFICATES REQUIRED BY GOVERNMENT
II. PURPOSE OF SPECIFIC EXPORT CERTIFICATES
III. SPECIFIC ATTESTATIONS REQUIRED ON EXPORT CERTIFICATES
IV. GOVERNMENT CERTIFICATE LEGAL ENTRY REQUIREMENTS
V. OTHER CERTIFICATION/ACCREDITATION REQUIREMENTS

APPENDIX I. ELECTRONIC COPY; SCANNED COPY; OR OUTLINE OF EACH EXPORT CERTIFICATE

DISCLAIMER

This report was prepared by the Office of Agricultural Affairs of the USDA/Foreign Agricultural Service in Vienna, Austria for U.S. exporters of domestic food and agricultural products. While every possible care was taken in the preparation of this report, information provided may not be completely accurate either because policies have changed since its preparation, or because clear and consistent information about these policies was not available. It is highly recommended that U.S. exporters verify the full set of import requirements with their foreign customers, who are normally best equipped to research such matters with local authorities, before any goods are shipped.

FINAL IMPORT APPROVAL OF ANY PRODUCT IS SUBJECT TO THE IMPORTING COUNTRY’S RULES AND REGULATIONS AS INTERPRETED BY BORDER OFFICIALS AT THE TIME OF PRODUCT ENTRY.

EXECUTIVE SUMMARY

This report outlines specific Austrian export certificates. The export certification requirements for most products destined for the European Union (EU) market have been harmonized. Austria, as a member of the EU, conforms to all EU regulations and directives. It is therefore recommended that this report is read in conjunction with the Food and Agricultural Import Regulations and Standards (FAIRS) export certificate report produced by the U.S. Mission to the EU in Brussels, Belgium which you can find in the public FAS GAIN database. Competent authorities for specific import requirements and non-harmonized products are the Austrian Federal Ministry of Social Affairs, Health, Care and Consumer Protection and the Federal Ministry of Agriculture, Regions and Tourism.
I. LIST OF EXPORT CERTIFICATES REQUIRED BY GOVERNMENT

Austria has fully implemented EU regulations for the import of food, animal, and plant products. For additional information on U.S. export certificates for the EU market please search for the latest EU FAIRS Certificate Report in the FAS GAIN database or check out the USEU Trade with the EU website.

EU certification rules for imports are complicated and in practice not always harmonized across EU Member States. The very few products not yet harmonized are subject to Austrian national regulations. The competent Austrian authority has to be consulted on a case-by-case basis to address requirements for non-harmonized products.

Export certificates must be in the official language of Austria, which is German, as well as of the Member State where the border inspection occurs. Certified translations of the certificates into German may be used.

EU food legislation is translated into all official EU languages in use (including German) and is published in the Official Journal. The Eur-lex website http://eur-lex.europa.eu/en/index.htm provides free access to European Union laws.

There are no additional Austrian-specific certificates (other than EU certificates) for food products deriving from plants and animals.

The import of special products like blood, blood products, and material containing epizootic pathogens must be approved by the Federal Ministry of Social Affairs, Health, Care and Consumer Protection. Usually the importer (or possibly an exporter) applies to the Ministry with all relevant details. There is no set form for this kind of application. Approval is granted on a case-by-case basis.

Austrian responsible authority for food and animal products and related health certificates:
Federal Ministry of Social Affairs, Health, Care and Consumer Protection
In German: “Bundesministerium für Soziales, Gesundheit, Pflege und Konsumentenschutz
Radetzkystrasse 2
A – 1031 Vienna
Austria
