### **Food and Agricultural Import Regulations and Standards - Certification**

#### **FAIRS Export Certificate Report**

**Approved By:**

Kelly Stange, Agricultural Counselor

**Prepared By:**

Jana Mikulasova, Agricultural Specialist

**Report Highlights:**

The Czech Republic has implemented all EU regulations regarding required export certifications. For information on EU export certifications, please see the Food and Agricultural Import Regulations and Standards – Certification Report prepared by [USEU Brussels](http://useu.brussels) available at <http://gain.fas.usda.gov>.

**Section I. List of All Export Certificates Required By Government (Matrix) :**

## **Export Certification**

Harmonized certificates and information related to trade with commodities subject to veterinary controls are available on-line at the website of the State Veterinary Administration:

<http://www.svscr.cz/obchodovani-s-veterinarnim-zbozim/>. The website was recently updated and the English version is not ready; however, the former version of the website in English can still be found here: <http://eagri.cz/public/web/en/svs/portal/trade-with-vet-commodities/>.

For phytosanitary certificates for products not listed in the EU plant Directive 2000/29, please contact the State Phytosanitary Administration, which is part of the Central Institute for Supervising and Testing in Agriculture. Please find the current contact information at the end of this document.

## **Section II. Purpose of Specific Export Certificate(s)**

### **Specific Required Export Certification**

Exceptions/additions to the EU harmonized certificates include:

#### **Pet birds**

In addition to an EU harmonized certificate, it is necessary to request actual information from the State Veterinary Administration – applies until December 31, 2017.

### **Certification of Origin for Spirits Cancelled**

Government Regulation no. 307/2012, requiring specific certification of origin for certain types of spirits and distillates, was cancelled as of September 1, 2014, by the Czech Government. The certificate of origin is no longer required. However, all original legislative requirements are still in place, which means products still have to comply with the food safety and traceability requirements as set by Czech and EU legislation.
