

**Required Report:** Required - Public Distribution

**Date:** January 05,2020

**Report Number:** EG2019-0029

## **Report Name:** Food and Agricultural Import Regulations and Standards Export Certificate Report

**Country:** Egypt

**Post:** Cairo

**Report Category:** FAIRS Export Certificate Report

**Prepared By:** Mariano J. Beillard, Senior Regional Agricultural Attaché and Shaza Omar, Senior Agricultural Specialist

**Approved By:** Mariano Beillard, Senior Regional Agricultural Attaché

### **Report Highlights:**

This FAIRS report lists the export certificates required for food and agricultural products shipped to Egypt. An export certificate matrix is included in this report. The requirements listed here are specific for consignments coming directly from the United States to Egypt, or transshipped in a sealed container with invoices stating that Egypt is the final destination. The report provides guidance regarding the Egypt's National Food Safety Authority regulatory import requirements.

**DISCLAIMER:** This report is prepared by the USDA/Foreign Agricultural Service, Office of Agricultural Affairs Cairo (Post) for U.S. exporters of food and agricultural commodities. While every possible care was taken in the preparation of this report, information provided may not be completely accurate either because policies/regulations/directives have changed since its preparation, or because clear and consistent information was not available. Post highly recommends that U.S. exporters verify the full set of import requirements with their foreign customers, who are usually best equipped to research such matters with local authorities, before any products are shipped.

**SECTION I – REQUIRED EXPORT CERTIFICATES**

**TABLE 1: List of Export Certificates Required by the Government of Egypt (MATRIX)**

| <b>PRODUCT</b>   | <b>CERTIFICATE NAME</b>  | <b>ATTESTATION</b>  | <b>PURPOSE</b>   | <b>REQUESTING MINISTRY</b>   |
|--|--|---|--|--|
| <b>All Products</b>  | Certificate of Origin  | That the product is of U.S.-origin  | Certification of country origin  | Ministry of Finance/Egypt Customs Authority  |
| <b>All Products</b>  | Health Certificate   | That the product is safe for consumption  | Certification of food safety   | General Organization for Export and Import Control (National Food Safety Authority, in transition)   |
| <b>Grains and Oilseeds</b>                                       | Phytosanitary Certificate (USDA - Animal and Plant Health Inspection Service (APHIS)<br><br>(NOTE: The certificate must include the import permit number issued by the Central Authority for Plant Quarantine) | That the product complies with Egypt’s phytosanitary import requirements in accordance with the regulated pest list issued in the Ministry of Agriculture and Land Reclamation decree 562 (2019) – New Plant Quarantine Regulations | Phytosanitary certification  | Ministry of Agriculture/Central Authority for Plant Quarantine   |
| <b>Grains and Oilseeds</b>                                       | Grains Inspection Certificate (USDA – Federal Grain Inspection Service (FGIS)<br><br>(NOTE: This is a Quality/Grading Conformity Certificate)  | That the product maintains a specified quality/grading conformity   | Quality certification  | General Organization for Export and Import Control (National Food Safety Authority, in transition)   |
| <b>Grains and Oilseeds</b>                                       | Stowage Examination Certificate (USDA – Federal Grain Inspection Service (FGIS)  | That the product maintains a specified quality/grading conformity   | Quality certification  | General Organization for Export and Import Control (National Food Safety Authority, in transition)   |
| <b>Vegetable Oils</b>  | Certificate of Analysis (USDA – Federal Grain Inspection Service (FGIS) and/or by a private laboratory)  | That the product maintains a specified quality/grading conformity   | Certification that Laboratory results for the product matches contract terms and conditions. | General Organization for Export and Import Control (National Food Safety Authority, in transition)   |
| <b>Meat and Meat Products; Poultry, and Poultry Products (*)</b> | Export Certificate (USDA – Food Safety and Inspection Service (FSIS) Forms: 9060-5, 9060-5A (Continuation sheet 1), and 9060-5B (Continuation sheet 2)   | That the product maintains a specified quality/grading conformity   | Certification of product safety and wholesomeness  | General Organization for Export and Import Control<br>General Organization for Veterinary Services (National Food Safety Authority, in transition) |

|  |   |   |  |   |
|--|---|---|--|---|
| <b>Meat and Meat Products; Poultry, and Poultry Products</b> | Islamic Slaughter Certificate   | That the meat is halal  | Certification that the product derives from animals slaughtered according to the Islamic rites | General Organization for Veterinary Services  |
| <b>Day-old Chicks, Hatching Eggs</b>                         | Veterinary Certificate  | Free of disease   | Health certification   | General Organization for Export and Import Control<br>General Organization for Veterinary Services<br>(National Food Safety Authority, in transition) |
| <b>Fish and Fish Products</b>                                | Health Inspection Certificate<br><br>Certificate of Origin (National Oceanic and Atmospheric Administration (NOAA)) | Fish and fish products not caught utilizing explosives or in contaminated waters  | Health certification   | General Organization for Export and Import Control<br>General Organization for Veterinary Services<br>(National Food Safety Authority, in transition) |
| <b>Fish and Fish Products</b>                                | Export Certificate (USDA – Food Safety and Inspection Service (FSIS) Form: 9060-5S)                                 | Product safety and wholesomeness  | Health certification   | General Organization for Export and Import Control<br>General Organization for Veterinary Services<br>(National Food Safety Authority, in transition) |
| <b>Dairy Products</b>  | Sanitary Certificate (USDA – Agricultural Marketing Service (AMS))  | Product safety and wholesomeness  | Health certification   | General Organization for Export and Import Control<br>General Organization for Veterinary Services<br>(National Food Safety Authority, in transition) |
| <b>Fruits and Vegetables</b>                                 | Phytosanitary Certificate (USDA - Animal and Plant Health Inspection Service (APHIS))                               | That the product complies with Egypt’s phytosanitary import requirements in accordance with the regulated pest list issued in the Ministry of Agriculture and Land Reclamation decree 562 (2019) – New Plant Quarantine Regulations | Phytosanitary certification  | Ministry of Agriculture/Central Authority for Plant Quarantine  |
| <b>Planting Seeds</b>  | Phytosanitary Certificate (USDA - Animal and Plant Health Inspection Service (APHIS))                               | (NOTE: Ministry of Agriculture and Land Reclamation authorization is required for the import of seeds for planting)   | Phytosanitary certification  | Ministry of Agriculture/Central Authority for Plant Quarantine  |

NOTE: (\*) Any processed products containing meat or poultry must meet the same requirements listed under Meat, Poultry, and Products. For additional requirements of meat, poultry, and products see the FSIS Export Library: <http://www.fsis.usda.gov/wps/portal/fsis/topics/international-affairs/exporting-products/export-library-requirements-by-country/Egypt>.

SOURCE: FAS Cairo office research.

## SECTION II – PURPOSE OF SPECIFIC EXPORT CERTIFICATES

See Section I, Table 1: List of Export Certificates Required by the Government of Egypt (MATRIX) for clarification of the specific purposes of certifications currently required by Egypt.

## SECTION III – SPECIAL ATTESTATION REQUIRED ON EXPORT CERTIFICATES

**Export Certificate:** The export certificates will vary according to the product. The certificate must indicate that the product is produced under a recognized process, ensuring its freedom from public health hazards. The certificate should also indicate that the product is sold for human consumption in the country of origin without restrictions. If questions arise regarding a certificate or attestation needed, exporters should contact FAS Cairo (Post) or the Egyptian importing firm prior to shipping.

**Certificate of Origin:** The certificate of origin is required by the Egypt Customs Authority and the General Organization for Export and Import Control (GOEIC). Although the National Food Safety Authority (NFSA) is responsible for imports as of November 15, 2019, there is an ongoing transitional period – it lacks an effective end date.

The certificate of origin must indicate the manufacturing location for the product being imported. State and/or local authorities, including local chambers of commerce in the same jurisdiction as the manufacturing facility may issue the document. Should the product be packed/processed in the exporting country (i.e., the United States) but originate in another, the product's certificate of origin must indicate the initial production area information.

**Grain and Oilseeds:** A certificate attesting that aflatoxin testing has been completed must accompany all grain and oilseed shipments. The Ministry of Agriculture and Land Reclamation (MALR) and the GOEIC mandate that aflatoxin levels be less than two parts-per-million (ppm) on any imported grain shipment. Egyptian authorities require that grain shipments be accompanied by paperwork indicating the crop year and/or production date of the imported goods. All grain imports must adhere to the Egyptian standard 1601 (2005). The standard specifies the quality/grading characteristics, as well the permissible tolerances of contaminants.

**Meat and Meat Products, Poultry and Poultry Products:** Exporters of animal products must work closely with their Egyptian importers, as well as to check the U.S. Department of Agriculture (USDA) – [Food Safety and Federal Inspection \(FSIS\) Export Library](#) frequently for the latest updates – these requirements are subject to change and are strictly scrutinized by customs authorities.

In addition to the Certificate of Wholesomeness (FSIS 9060-5) a letterhead certificate must accompany each shipment. For meat and meat products the accompanying letterhead must attest that:

- Foot-and-mouth disease (FMD) and rinderpest have not occurred in the United States during the previous 12-months.

- The product was derived from animals born in the United States and/or from animals legally imported into the United States.
- The United States is recognized by the World Organization for Animal Health (OIE) as being a negligible bovine spongiform encephalopathy (BSE) risk country.
- The product was not derived from animals that were slaughtered in an official disease eradication program.
- The product does not contain and is not contaminated with specified risk materials as defined by the USDA Food Safety and Inspection Service in U.S. regulations, 9 CFR 310.22(a).

For whole frozen poultry, chicken leg quarters, drumsticks and thighs, a letterhead certificate attesting the following must accompany the shipment:

- That the poultry meat is derived from birds that were not under official quarantine for serious epizootic diseases affecting poultry including highly pathogenic notifiable avian influenza (HPNAI), as defined by the World Organization for Animal Health.
- The meat is obtained from poultry found to be free of any clinical signs of systemic infectious or contagious diseases to which the species is susceptible as determined by ante- and post-mortem inspection.
- The poultry meat was handled under hygienic conditions under federal veterinary inspection and has not been treated with and does not contain any preservatives, coloring matter, hormones or other substances harmful to human health.
- The poultry meat is wholesome and fit for human consumption.
- The means of transport, handling, and loading conditions meet the hygienic requirements of the United States.

Specific packaging, labeling, and shipping requirements exist for meat, poultry, and their products (see [GAIN-EGYPT \(2019-0025\) Food and Agricultural Import Regulations and Standards Country Report – FAIRS Narrative Egypt 2019](#), pending release) and the FSIS Export Library.

**Islamic Slaughter Certification:** Halal certification is required for export to Egypt. Halal certificates are issued by competent religious organizations in the country of origin, certifying that the shipment of meat beef, mutton, poultry, and their derivatives have been slaughtered according to Islamic rites and *sharia* laws. Certifying statements should note that all adequate precautions were taken to prevent contamination with non-halal products, and accordingly, the product is suitable for consumption by Muslims in any part of the world.

On May 1, 2019, Egypt determined to restrict halal certification authority in the United States to a sole certifier – IS EG Halal (Edgewater, New Jersey). Since then, it has removed the requirement of having Egyptian embassy endorsement of Certificates of Islamic Slaughter issued in the United States (see [GAIN-EGYPT \(EG-2019-3057\) UPDATE – New Egyptian Halal Procedures May Disrupt Markets, Drive Up Prices](#)).

**Hormone-Free Certification, Beef and Dairy Products:** Egypt's National Food Safety Authority on November 15, 2019, assumed responsibility for handling food imports. It is applying previous government organizations' import requirements during the transition, which has led to a recent uptick in consignment delays and rejections. Egypt's General Organization for Veterinary Services (GOVS) through a memorandum-of-understanding is continuing to issue import permits, as well as sample and test beef and dairy product imports on the behalf the National Food Safety Authority.

Previously in 2012, the GOVS started requiring the submission of hormone-free certificates for beef and dairy products as part of its import permit licensing requirements. Egypt's GOVS, however, did not enforce the submission of hormone-free certificates; opting instead to test product upon arrival for synthetic hormones. Beef and dairy products contain natural hormones.

To resolve the issue of detentions and rejections at port, in the second half of December 2019 the GOVS is doing away with the requirement of hormone-free certificates altogether, opting instead to test at destination for the presence of synthetic hormones.

**Fish and Fish Products:** Export certificates accompanying fish and fish products shipped to Egypt must attest to the fishing method, potential level of contamination, as well as dates of fishing, packaging and freezing. Attestations must indicate that the fish and their products were not harvested using explosives. Similarly, the certificates must confirm that the fish were not caught in areas contaminated by radiation, fertilizers, or pesticides. Dates of fishing, packaging and freezing (below -18 degrees centigrade) must be indicated on accompanying documents.

#### **SECTION IV – GOVERNMENT CERTIFICATE LEGAL ENTRY REQUIREMENTS**

##### **General Requirements**

- Original certificate must accompany shipment at time of entry.
- Certificates are used for only the accompanying shipment since it carries the details of the shipment.
- Modification to any certificate is not permitted once issued and shipped with the accompanying the product.

**SECTION V – OTHER CERTIFICATION/ACCREDITATION REQUIREMENTS TO ENSURE MARKET ENTRY**

**TABLE 2: EGYPT, List of Other Certification/Accreditation Requirements**

| PRODUCT   | DOCUMENTATION                                      | REQUIREMENTS  |
|---|--|---|
| All Products  | Commercial Invoice                                 | Must include country of origin, applicable HS codes, number of units, price per unit, and total value for customs valuation.  |
| All Products  | Bill of Lading                                     |   |
| All Products  | Packing List                                       | Must list specific products and batches per container. Weight certificates may be used for bulk commodities.  |
| All Products  | Batch Number Certificate                           | Certain chemicals /food additives will require that batch numbers be tracked for added traceability.  |
| All Products  | Certificate of Insurance                           | In the case of discrepancies, Egyptian officials may request product details as listed to insurers of those goods.  |
| Food Additives  | Registration Requirement                           | Must be pre-registered with the Egyptian Ministry of Health prior to shipment.  |
| Grain and Oilseeds                                    | Certificate of Fumigation                          | Certification of fumigation must be provided. These services may be provided by the servicing firm or by FGIS.  |
| Grain and Oilseeds                                    | Aflatoxin Analysis                                 | Aflatoxin rates may not exceed 2 ppm. Certification of testing in a public or private lab must be included.   |
| Grain and Oilseeds                                    | Crop Year  | Documentation must list the crop year applicable to the shipment.   |
| Vegetable Oils  | FOSFA International Regulation Certificate         | Evidence must be provided that the loading vessel conforms to FOSFA international regulations.  |
| Vegetable Oils  | Exporter statement noting specification of oil/fat | Chemical specifications must be provided for any new or atypical oils.  |
| Meat and Meat Products; Poultry, Poultry and Products | Packaging Requirement                              | Egyptian regulations require that products be packed in sealed plastic bags/cartons, with labeling inside of packaging. See the FSIS Export Library for other requirements. Exporters of meat and poultry are strongly encouraged to work closely with Egyptian importers, as import regulations are subject to change. |
| Fish  | Freezing Certificate                               | Documentation must be provided demonstrating that the products were stored and shipped at -18 degrees centigrade.   |
| Dairy Products  | Production Date                                    | Paperwork and/or label must indicate the production date for computation of expiry date.  |
| Dairy Products  | Dioxin Analysis                                    | Products must be tested for dioxins.  |
| Dairy Products  | Certificate of Analysis                            | Analysis demonstrating fat, moisture, plate count, antibiotic presence, and potential pathogen presence must be included.   |
| Margarine   | Manufacturer Declaration                           | A certificate indicating the type of oil used in the product must be included   |
| Planting Seeds  | Seed Analysis Certificate                          | Note that prior approval is required from the Egyptian Ministry of Agriculture prior to the importation of any seeds for planting. Exporters are strongly encouraged to work closely with importers and Egyptian officials prior to shipping these products.  |

SOURCE: FAS Cairo office research.

**Additives:** U.S. exporters of food additives should note that pre-registration with Egypt’s Ministry of Health is required prior to shipment. Batch numbers must be included on packaging and packing lists for added traceability. Additionally, documentation accompanying food additives must describe

products using both their scientific and common names. Exporters of these products are urged to work closely with Egypt's Ministry of Health and local importers.

**Bio-Fortified Foods:** Exporters of bio-fortified foods should note that these products require pre-registration with Egypt's Ministry of Health prior to shipment. Much like the case with food additives, U.S. exporters of these products should work closely with Egypt's Ministry of Health and local importers.

**Canned Foods:** U.S. exporters of canned foods are advised to include batch numbers in packing lists and packaging. Egyptian authorities depend on batch numbers for traceability in case of a rejected shipment or in the eventuality of product recalls. Failure to include these numbers will delay customs clearance.

**Planting Seeds:** Prior approval is required from the Ministry of Agriculture's Central Administration of Seed Certification and Testing (CASC) for the import of seeds for planting. Once an approval is granted, the Central Administration for Plant Quarantine will issue a seed import license. Firms wishing to export seeds for planting will be required to provide an international seed testing certificate or a testing certificate issued from an official inspection station abroad including the variety, the degree of purity and the germination percentage, prior to applying for an import permit from the Ministry of Agriculture

Upon issuance of an import permit, subsequent shipments must be accompanied by the Egyptian import permit, a U.S. seed testing certificate, and the applicable phytosanitary certificate. Since requirements for import of these products is complex and time-consuming, exporters are urged to work with Egyptian importers and Ministry of Agriculture officials well in advance of shipping.

**Oils – Atypical:** Oils considered non-standard must be accompanied by a certificate of analysis describing their chemical composition. Non-standard oils are not clearly defined, but generally considered by Egypt to be blended or essential oils, not typically shipped for human consumption. U.S. exporters of these products are urged to work with Egyptian importers to ensure compliance with Egypt's customs regulations.

REMARKS

|  |  |
|--|--|
| APPLICANT<br><u>Maritime International, Ltd.</u> | INSPECTOR<br><u>Jerry Marsh <i>Jerry Marsh</i></u> |
|--|--|

This certificate is issued under the authority of the United Grain Standards Act, as amended (7 U.S.C. 71 et seq.), and the regulations thereunder (7 CFR 800.0 et seq.), or the Agricultural Marketing Act of 1946, as amended (7 U.S.C. 1621 et seq.), and regulations thereunder (7 CFR 68.1 et seq.), as appropriate. It is issued to show the condition of a carrier or container for the storage or transportation of grain or commodity. The statements on the certificate are considered true at the time and place the inspection service was performed. If this certificate is not canceled by a superseding certificate, it is receivable by all officers and all courts of the United States as prima facie evidence of the truth of the facts stated therein. This certificate does not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act, or other Federal law.

**WARNING: Any person who shall knowingly falsely make, issue, alter, forge, or counterfeit this certificate, or participate in any such actions, or otherwise violate provisions in the U.S. Grain Standards Act, the Agricultural Marketing Act of 1946, or related Federal laws, is subject to criminal, civil, and administrative penalties.**

The conduct of all services and licensing of (inspecting/grading/sampling) personnel under the regulations governing such services shall be accomplished without discrimination as to race, color, religion, sex, national origin, age, or handicap.

| This certificate is issued under the authority of the United States Grain Standards Act, as amended (7 U.S.C. 71 et seq.), and the regulations thereunder (7 CFR 800.0 et seq.). It is issued to show the kind, class, grade, quality, condition, or quantity of grain; or the condition of a carrier or container for the storage or transportation of grain; or other facts relating to grain as determined by official personnel. The statements on the certificate are considered true at the time and place the inspection or the weighing service was performed. The certificate shall not be considered representative of the lot if the grain is retranshipped or is otherwise transferred from the identified carrier or container or if grain or other material is added to or removed from the total lot. If this certificate is not canceled by a superseding certificate, it is receivable by all officers and all courts of the United States as prima facie evidence of the truth of the facts stated therein. This certificate does not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act, or other Federal law. |  | (X) KIND OF GRAIN      24 HOUR TIME (military time)<br><table border="1" style="width:100%; border-collapse: collapse;"> <tr> <td>CORN</td> <td>1</td> <td>Started</td> <td>4/2/XX</td> <td>Finished</td> <td>4/2/XX</td> </tr> <tr> <td>SOYBEANS</td> <td>2</td> <td></td> <td>0630</td> <td></td> <td>0800</td> </tr> <tr> <td>WHEAT</td> <td>3</td> <td colspan="4">GROSS</td> </tr> <tr> <td>SORGHUM</td> <td>4</td> <td colspan="4"></td> </tr> <tr> <td>BARLEY</td> <td>5</td> <td colspan="4"></td> </tr> <tr> <td>FLAXSEED</td> <td>6</td> <td colspan="4">TARE</td> </tr> <tr> <td>MIXED</td> <td>7</td> <td colspan="4"></td> </tr> <tr> <td>OATS</td> <td>8</td> <td colspan="4"></td> </tr> <tr> <td>RYE</td> <td>9</td> <td colspan="4"></td> </tr> <tr> <td>TRITICALE</td> <td>10</td> <td colspan="4"></td> </tr> <tr> <td></td> <td>11</td> <td colspan="4" style="text-align: center;">NET WEIGHT (pounds)</td> </tr> <tr> <td></td> <td></td> <td style="text-align: center;">3</td> <td style="text-align: center;">2</td> <td style="text-align: center;">3</td> <td style="text-align: center;">8</td> </tr> <tr> <td></td> <td></td> <td style="text-align: center;">8</td> <td style="text-align: center;">2</td> <td style="text-align: center;">5</td> <td style="text-align: center;">0</td> </tr> <tr> <td></td> <td></td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> </tr> </table> | CORN   | 1        | Started | 4/2/XX | Finished | 4/2/XX | SOYBEANS | 2 |  | 0630 |  | 0800 | WHEAT | 3 | GROSS |  |  |  | SORGHUM | 4 |  |  |  |  | BARLEY | 5 |  |  |  |  | FLAXSEED | 6 | TARE |  |  |  | MIXED | 7 |  |  |  |  | OATS | 8 |  |  |  |  | RYE | 9 |  |  |  |  | TRITICALE | 10 |  |  |  |  |  | 11 | NET WEIGHT (pounds) |  |  |  |  |  | 3 | 2 | 3 | 8 |  |  | 8 | 2 | 5 | 0 |  |  | - | - | - | - |
