Export Certificate Report

**Country:** Czech Republic

**Post:** Prague

**Report Category:** FAIRS Export Certificate Report

**Prepared By:** Jana Mikulasova

**Approved By:** Emily Scott

**Report Highlights:**

The Czech Republic has implemented all EU regulations regarding required export certifications. For information on EU export certifications, please see the Food and Agricultural Import Regulations and Standards – Certification Report prepared by the United States Mission to the EU in Brussels available at <https://gain.fas.usda.gov/#/search>.

## **Section I. List of All Export Certificates Required By Government (Matrix):**

### **Export Certification**

Harmonized certificates and information related to trade with commodities subject to veterinary controls are available on-line at the website of the State Veterinary Administration: <https://en.svscr.cz/trade-with-vet-commodities/general-information/>, under the Trade with vet. commodities tab on the left hand side of the website.

For phytosanitary certificates for products not listed in the EU plant Directive 2000/29, please contact the State Phytosanitary Administration, which is part of the Central Institute for Supervising and Testing in Agriculture. Please find the current contact information at the end of this document. A form for application for a phytosanitary certificate can be downloaded at: <http://eagri.cz/public/web/en/ukzuz/portal/import-export/forms-to-download/>.

### **Section II. Purpose of Specific Export Certificate(s)**

Veterinary health certificates ensure that animals can be moved safely avoiding the transmission of diseases to either the public or other animals. The EU laid down a wide range of animal health requirements. The purpose of the requirements for animal origin products is to guarantee that imports meet the standards of production in Member States. Phytosanitary certificates are needed for all plant products that could introduce pests into the EU.
