Food and Agricultural Import Regulations and Standards Report

FAIRS Export Certificate Report

Approved By: Shane Townsend Prepared By: Benjamin Mtaki

Report Highlights:

This report complements the FAIRS Country Report. The report specifically provides information on Government of Tanzania (GoT) required certificates for exporting food and agricultural products to Tanzania. The GoT provides the Tanzania National Business Portal as the single point for exporters and importers to electronically submit and receive approvals from all the regulatory agencies involved in international trade.

Section I: List of All Export Certificates Required By Government of Tanzania

Section II: Purpose of Specific Export Certificate

A. Certificate of Conformity (COC)

The Tanzania Bureau of Standards (TBS), which is a statutory organization of the government of Tanzania, implemented the Pre-Shipment Verification of Conformity (PVoC) Standards Program to ensure a) that consumers buy safe and quality imported goods, and b) that Tanzanian manufacturers have protection from unfair competition. In September 2018, TBS awarded the PVoC certification services contract to Intertek Government and Trade services.

All consignments subject to PVoC must obtain a Certificate of Conformity (CoC) issued by an authorized PVoC Agent, such as Intertek, prior to shipment. The CoC is a mandatory document for Customs Clearance in Tanzania; consignments arriving at Tanzanian Ports without this document will be denied entry into the country.

The key elements undertaken in the PVoC are:

- Physical inspection prior to shipment;
- Sampling, testing and analysis in accredited laboratories;
- Quality Audit of production processes;
- Documentary review of conformity with regulations
- Issuance of CoC or Non Conformity Report (NCR) as appropriate.
- B. Radioactivity Analysis Certificate

Ensures food is free from radiation.

C. Phytosanitary Certificate

The Ministry of Agriculture's Department of Plant Health Services certifies plant and plant products are free from regulated pests and conform to other Phytosanitary requirements of the exporting country.

Section V: Other Certification/Accreditation Requirements

GoT also requires the following:

- Original pro forma invoice from the supplier of goods;
- Bill of lading or airway bill;
- Certificate of analysis of products (original) if buying from the manufacturer;
- Food security permit;
- Zoo-sanitary certificate (for non-processed food of animal origin);
- Blank certificate of origin depending with the country of origin;
- Certificate of good manufacturing products (GMP); and
- Insurance documents on U.S. exports to Tanzania

Information is available at The Tanzania National Business Portal.
