Food and Agricultural Import Regulations and Standards Report

FAIRS Export Certificate Report 2018

Approved By:

Kurt Seifarth

Prepared By:

Mohamed Hamza & Neil Mikulski

Report Highlights:

This report identifies certification requirements for U.S. food and agricultural products destined for the United Arab Emirates. Updates to UAE approved certificates for shelf-stable products include the U.S. Food and Drug Administration's Certificate to a Foreign Government: Food for Human Consumption. This report is intended to be used in conjunction with information provided in the 2018 Food and Agricultural Import Regulations and Standards (FAIRS) Country Report for the United Arab Emirates.

Disclaimer:

This report was prepared by the Office of Agricultural Affairs of the USDA/Foreign Agricultural Service in Dubai, UAE, for U.S. exporters of domestic food and agricultural products. Agricultural products entering the United Arab Emirates are subject to the country's federal food regulations and standards governing the importation and sale of such goods. While thorough investigation was taken in preparation of this report, UAE import requirements are subject to change and often without official notice. It is highly recommended that U.S. exporters verify the full set of import requirements with their foreign customers before any goods are shipped.

FINAL IMPORT APPROVAL OF ANY PRODUCT IS SUBJECT TO THE IMPORTING COUNTRY'S RULES AND REGULATIONS AS INTERPRETED BY BORDER OFFICIALS AT THE TIME OF PRODUCT ENTRY.
