

**Voluntary Report** – Voluntary - Public Distribution

**Date:** January 08, 2026

**Report Number:** CH2026-0004

**Report Name:** China Notifies Additional Maximum Residue Limits for Pesticides in Foods to the WTO

**Country:** China - People's Republic of

**Post:** Beijing

**Report Category:** FAIRS Subject Report, Sanitary/Phytosanitary/Food Safety, WTO Notifications

**Prepared By:** Joshua DeMoss and FAS China Staff

**Approved By:** Abigail Nguema

**Report Highlights:**

On December 19, 2025, China submitted a notification to the WTO under reference number G/SPS/N/CHN/1356. The standard establishes 598 maximum residue limits for 126 pesticides in foods. The proposed date of entry into force has not been announced. Comments may be submitted to China's SPS National Notification and Enquiry Center at [sps@customs.gov.cn](mailto:sps@customs.gov.cn) until February 17, 2026. This report provides an unofficial translation of the draft standard.

FAS China provides this reporting and analysis as a service to U.S. farmers, ranchers, rural communities, and agribusinesses in support of a worldwide agricultural information system and a level playing field for U.S. agriculture.

**Summary:**

On December 19, 2025, China notified 598 maximum residue limits (MRLs) for 126 pesticides in foods to the WTO under [G/SPS/N/CHN/1356](#). The draft standard makes references to the Codex MRLs for Pesticides and Extraneous MRLs in Foods and Feed Products. China previously notified 209 MRLs for 93 pesticides in foods to the WTO on December 9, 2025. Please see FAS GAIN Report [CH2025-0253](#) for more detailed information about the previous notification and background information on China's current MRL standards.

This report provides an unofficial translation of the draft standard and the original draft standard in Chinese as an attachment. Comments may be submitted to China's SPS National Notification and Enquiry Center at [sps@customs.gov.cn](mailto:sps@customs.gov.cn) until February 17, 2026. Stakeholders should conduct their own review of the regulations to assess any market or regulatory impacts on their business.
