

**Voluntary Report** – Voluntary - Public Distribution

**Date:** January 14, 2026

**Report Number:** CH2026-0005

**Report Name:** China Trade Show and Conferences Report 2026

**Country:** China - People's Republic of

**Post:** Beijing ATO

**Report Category:** Agricultural Trade Office Activities, Promotion Opportunities, Trade Show Announcement, Trade Show Evaluation

**Prepared By:** ATO Beijing

**Approved By:** Emily Scott

**Report Highlights:**

Trade shows in China offer U.S. exporters valuable opportunities to connect with Chinese buyers. This report highlights vetted 2026 trade shows in China, including three USDA-endorsed trade shows, helping exporters showcase products and navigate market opportunities effectively.

Trade shows and conferences in China are one of the best ways to directly connect with importers, traders, and distributors. Given the cultural importance of personal relationships, we strongly recommend interested exporters attend shows in person. However, as many cities across China are vying for the commercial prestige that comes from hosting major trade shows, it may be difficult to identify the best shows for specific product categories.

The goal of this report is to introduce U.S. exporters of farm, fishery and forest products to the major trade shows taking place throughout China in 2026, which the four ATO offices have vetted. Exporters are encouraged to conduct their own research to verify costs, travel obligations, and logistics prior to registration. In order to make that work easier, at the end of this report FAS has provided the contact information for all four U.S. Agricultural Trade Offices (ATO) in China.

In addition to the many trade shows across China, there are three USDA-endorsed trade shows including: Food and Hotel China, Food Ingredients China, and SIAL Shanghai. USDA-endorsed trade shows typically provide the best international exposure and marketing opportunities for U.S. exporters. At USDA-endorsed shows and other major shows, FAS China works with show organizers and industry partners to establish a USA Pavilion to showcase the variety and quality of made-in-the USA products to potential buyers. FAS China also provides participating exhibitors with marketing and promotional services, market intelligence, logistical support, and on-site assistance.
