Mexico Announces Maximum Sugar Export Quota to the United States

Report Categories:

Sugar

Approved By:

Lashonda McLeod

Prepared By:

Dulce Flores

Report Highlights:

The Secretariat of Economy (SE) published in the *Diario Oficial* (Federal Register) on December 26, 2016, an announcement containing the maximum quota allotment of sugar to be exported to the United States for the 2016/17 sugar cycle. The amount remains unchanged from the 21 October 2016 announcement at 870,688.94 metric tons raw value.

General Information:

Introduction: This report summarizes an announcement by the Secretariat of Economy (SE) published in Mexico's *Diario Oficial* (Federal Register) on December 26, 2016, containing the maximum quota allotment of sugar to be exported to the United States for the 2016/17 sugar cycle.

Disclaimer: This summary is based on a *cursory* review of the subject announcement and therefore should not under any circumstances be viewed as a definitive reading of the regulation in question, or of its implications for U.S. agricultural export trade interests. In the event of discrepancies between this summary and the complete regulation or announcement as published in Spanish, the latter shall prevail.

Title: [Notification](#) of the Maximum Quota Allotment of Sugar to be Exported to the United States up to December 2016 for the Sugar Cycle between October 1, 2016, and September 30, 2017.

Executive Summary: In accordance with the [Agreement](#) published in the *Diario Oficial* (Federal Register) on February 6, 2015, under which sugar exports to the United States are subject to prior authorization permits, SE announced the amount of the total quota of sugar to be exported to the United States for the 2016/17 sugar cycle. The amount in metric tons raw value is 870,688.94, which is the same amount as announced in [October 21, 2016](#). This calculation was determined according to point 13 of the February 6, 2015 Agreement, using December World Agricultural Supply and Demand Estimates (WASDE) and the National Committee for the Sustainable Development of Sugar Cane (CONADESUCA) data.
